

Quality Used Greenhouses

For Educators or Beginning Farmers/Ranchers

Cawaco Resource Conservation & Development Council Inc. (Cawaco) recently acquired used commercial-grade greenhouses from a retiring grower. Savings from this purchase will be passed on to educational institutions, beginning farmers and ranchers and established operations with the goal of expanding job opportunities.

SPECIFICATIONS

Manufacturer: Atlas Greenhouse
 Width: 30 feet
 Length: As requested in 10ft sections
 Minimum length: 30 feet
 Maximum length: 90 feet
 Material: Galvanized steel
 Cover: 6 mil poly film

Cawaco RC&D is a 501(c)(3) nonprofit serving citizens and communities in Blount, Chilton, Jefferson, Shelby and Walker Counties.

The purpose of this project is to provide greenhouses at a low cost to:

- 1) assist with education and outreach to schools,
- 2) lower the cost of market entry for beginning farmers and ranchers,
- 3) encourage the growth of local markets, and
- 4) assist with the expansion of job opportunities for current growers.
